HomeStart First Home Grant

Build your first home from \$3,000. Instead of buying a block of land and then finding a builder to build your home, a house and land package bundles it all together. This means you can choose one of many standard or customised home designs at the same time you purchase the land.

House and Land Packages can be a good way to reduce upfront costs because:

- You only pay stamp duty on the land value and not the house.
- HomeStart can lend up to 97% of the value of the house and land package to those who are eligible.
- First home buyers could also be eligible for a \$15,000 First Home Owner Grant to put towards your deposit, fees and charges.
- Pay no loan repayments for 9 months or until your home is built, whichever comes first.
- Our participating builders will commit to a fixed price and construction period.
- HomeStart doesn't charge a Lender's Mortgage Insurance (LMI) and the Loan Provision Charge (LPC) is significantly less than LMI for most borrowers.

The Retailer Energy Efficiency Scheme (REES)

South Australian households and businesses may be able to access discounted or free energy efficiency activities from energy retailers participating in the REES. Low-income households may also be able to receive an energy audit. The Minister has set the approved REES energy efficiency activities; however, each energy retailer participating in the scheme decides on what mix of those energy efficiency activities it will undertake to meet its targets.

To find out what activities energy retailers are currently offering, you can contact any of the obliged energy retailers in South Australia, not just the retailer currently supplying you. Energy retailers may contract out their energy audits and energy efficiency activities to third-party contractors, and you may also contact these third-party contractors directly.

TELL US YOUR STORY

It's 2021, a new start with lots of positive energy and we want to include your success story in the e-grants Newsletter.

If your organisation has been the recipient of a grant (congratulations!) we would love to hear from you and celebrate in your success. Feel free to send us a photo and a short description of the completed project so we can feature it in this newsletter or on Dan's Facebook page.

As well as highlighting successful grant recipients we hope that by showing the outcomes of grant funding, it will encourage more groups to get on board, apply and make their communities better and brighter.

So big or little – we would love to see how the grants are working for your community.

Email your story to: stuart@parliament.sa.gov.au
